2. Contents of the statement
<p>On October 11, 2012 the decision of the Arbitration Court of Moscow settled the claim NLMK to recover from IDGC of Centre 5,1 billion rubles of unjust enrichment. IDGC of Centre considers the above mentioned decision illegal and unreasonable and intends to challenge this decision of the court in the legal fixed period.</p> <p>The Company is convinced of the rightness of its position and considers the NLMK claims unfounded, since all payments by NLMK were made according to the current, no one disputed contract for the provision of services, and therefore are not unjust enrichment. Starting from the date of the electricity transmission services agreement conclusion with NLMK in 2005, and to date, IDGC of Centre - Lipetskenergo division has been qualitatively performing all obligations under the agreement, as evidenced by the absence of complaints from NLMK about the quality of services, reliability of power supply and signed certificates of services rendered by both parties for the entire duration of the contractual relationship.</p> <p>According to IDGC of Center, the amount of the claim, despite the decision of the Moscow Arbitration Court has not been proved, and the facilities, with which electricity was transmitted, in the disputed period were in its lease.</p> <p>The Ministry of Energy of the Russian Federation and the Administration of the Lipetsk region fully supported the position of IDGC of Centre, including during the trial.</p> <p>It should be also noted that the judge of the Arbitration Court of Moscow today in making the decision did not take into account the case law that had developed in the same Arbitration Court.</p> <p>So, on September 5, 2012 the court handed down the very opposite decision for similar dispute # A40-21082/12 in which LLC "Rusenergosbyt" was denied satisfaction to recover from IDGC of Centre unjust enrichment with the "last mile" facilities.</p> <p>And today the Moscow Arbitration Court for similar case # A40-21130/2012 also rejected suit of LLC "Rusenergosbyt" to recover from IDGC of Centre unjust enrichment with the "last mile" facilities.</p> <p>On August 21, 2012 the Arbitration Court of the Voronezh region in case # A14-10848/2012 also rejected suit of LLC "Rusenergosbyt" to IDGC of Centre.</p> <p>That's why IDGC of Centre does not feel able to accept the decision of the Arbitration Court of Moscow and will challenge it.</p>
