

## ELECTRIC POWER INDUSTRY NEWS

### Grid connection costs may be distributed among consumers

Regulators will consider a mechanism to partially reimburse the costs of grid connection for the first applicant if other consumers subsequently connect to the established grid facilities. Rosseti supports the initiative, citing a reduction in the construction of unprofitable infrastructure. Analysts believe the introduction of this mechanism is economically justified, but its practical implementation is difficult: it would rather optimize costs for facilities with clear connection schedules and large capital investments.

## COMPANY NEWS

### Participants in the "Energy Circles" educational project learned about the history of the Smolensk energy sector

Schoolchildren from the Smolensk Cyril and Methodius Lyceum, who study physics in-depth as part of the Rosseti Group's "Energy Circles" educational project, had their second tour to the Smolensk branch of Rosseti Centre. They previously visited the Smolensk City Distribution Zone, where they learned about the Distribution Zone's facilities and structure, visited the control room and the training centre.

### The track and field team of Rosseti Centre and Volga region won silver at the Kirov Region Workers' Spartakiad

The track and field competitions were held in Kirov as part of the regional workers' Spartakiad "Corporate Games". Representatives from 15 of the Kirov region's largest companies and enterprises took to the starting line. The competitions included relay and individual events. In addition, the overall standing of each team was determined based on the results of the individual and team races.
