Marienergo's power engineers are preparing for floods and fire season

Employees of the branch took part in the All-Russian interdepartmental command and staff exercises to eliminate emergency situations associated with floods, as well as preparedness to respond to emergencies during the fire season on the territory of the Republic of Mari El.

The purpose of the exercises is to test the interaction of the power engineers with the forces of the unified state system for emergency prevention and response, with representatives of the Main Directorate of the Ministry of Emergency Situations of Russia for the Republic of Mari El, the state fire service, and representatives of government authorities.
