Energy Strategy until 2050 is in the final stage of approval with the government

Russia's energy strategy until 2050 is in the final stage of approval with the government, the Ministry of Energy reported after a meeting of the Public Council under the ministry. According to Energy Minister Sergei Tsivilev, the General Scheme for the Placement of Electric Power Facilities until 2042, approved in January of this year, has become "already a direct implementation of Energy Strategy-2050, the first actual stage of its implementation."
