

ELECTRIC POWER INDUSTRY NEWS

The Ministry of Energy developed a list of restrictions on the transfer of state-owned power grid facilities to the STGO, including in areas with a deficit of active capacity

The Ministry of Energy of Russia has developed a draft government resolution providing for amendments to the Rules for the transfer of power grid facilities owned by constituent entities of the Russian Federation or municipalities into free possession and use by a system-forming territorial grid organization (STGO) or territorial grid organization (TGO). The document was published on the Federal Portal of draft regulatory legal acts.

Power engineers provided power to new residential complexes in Belgorod and Obninsk

The companies Rosseti Centre and Rosseti Centre and Volga region are actively working on grid connection of new buildings, facilitating the implementation of the national project "Housing and Urban Environment".

Belgorodenergo's specialists ensured the implementation of measures for the grid connection of the Donetsk residential complex on the bank of the Seversky Donets River. To deliver 640 kW of power, the power engineers constructed a new package transformer substation and reconstructed the existing one, equipped the package transformer substation with the latest communication and data transmission channels, and also laid more than 6 kilometres of cable power lines.
