Rosseti's damage from activities of unregistered miners in 2024 exceeded ₱1.3 billion

Rosseti estimates the damage caused to the company in 2024 as a result of the activities of unregistered (household) miners at more than RUB 1.3 billion, the holding's press service reported on its Telegram channel on 18 February.

130 cases of illegal connection to grids and non-metered consumption were stopped, and the materials were transferred to law enforcement agencies. More than 40 criminal cases were initiated under articles of the Criminal Code of the Russian Federation that provide for punishment with a real term of imprisonment, the press release says.

COMPANY NEWS

Rosseti Centre and Rosseti Centre and Volga region completed the grid connection of new buildings in the Belgorod and Ivanovo regions

The companies are contributing to the implementation of the national project "Housing and Urban Environment", which allows creating comfortable living conditions for millions of citizens.

Belgorodenergo's specialists have connected a new cottage quarter, which is being built in the suburbs of the regional centre, to the power grid. The residential complex of 122 houses is located in the village of Novosadovy. To deliver 488 kW of power, the power engineers constructed over two kilometres of cable power lines and installed two package transformer substations equipped with the latest communication and data transmission channels.

«Rosseti launched an upgraded Portal of Electric Grid Services

The Rosseti Group has put into operation an improved Portal of Electric Grid Services – портал-тп.рф. During development, a detailed analysis of the customer routing and common life situations of consumers was carried out. The innovations made it possible to significantly increase the visibility of the information provided and the availability of the most popular functionality. Also, in general, the convenience of using the service has been increased, the process of submitting applications and requests has been simplified and shortened - it has become step-by-step and more understandable.
