### Kirovenergo celebrates its 80th anniversary

The forerunner of the electric grid company was the Kirov Energy Plant, which managed the generation and grids of the city of Kirov until 13 February 1943. The reorganization was carried out in accordance with the decision of the State Defense Committee. The reform is due to the need to improve the reliability of power supply to consumers against the background of increased energy consumption - with the beginning of the Great Patriotic War, 117 plants and factories were evacuated to the Kirov region.
