Power engineers of Rosseti Centre and Volga region provided electricity to an apartment building in Ivanovo

Employees of the Ivenergo branch provided electricity to the new family residential complex Ilyinsky on Bakinsky Proyezd Street in Ivanovo. To carry out the grid connection, specialists designed and constructed more than 0.4 km of a 0.4 kV overhead power line, and also laid more than 0.1 km of a 0.4 kV cable line. The maximum capacity of the grid connection was 86 kW. The apartment building is designed to accommodate more than 50 families.
