<p>Rosseti Centre, PJSC published its unaudited Interim Condensed Consolidated Financial Statements as at and for the six months ended 30 June 2023, prepared in accordance with International Financial Reporting Standards (IFRS).</p> <p>Profit for the period amounted to RUB 5.8 bln, which is higher than the same value last year by RUB 2.3 bln, or 65.7 %. The main factor of the profit growth for 6 months of 2023 is an increase in income from provision of electricity transmission services.</p> <p>Revenue for the reporting period was RUB 62.9 bln, which is higher than the same indicator last year by 15.2 %. The main factor that influenced the growth in the consolidated revenue is an increase in revenue from electricity transmission due to growth in boiler tariffs.</p> <p>Operating expenses of the Group of Companies following the results of 6 months of 2023 amounted to RUB 54.4 bln, which is 13.1 % higher than the value for the same period last year.</p> <p>The growth of the operating expenses was caused by:</p> <ul style="list-style-type: none"> - the increase in the cost of electricity transmission services is due to growth in the cost of services of territorial grid organizations (TGO) because of an increase in the average TGO tariff, as well as an increase in the cost of electricity transmission services through federal grids due to an increase in rates for maintenance of electric grid facilities in UNEG grids; - the increase in electricity costs to compensate for technological losses was due to growth in the price of electricity (including growth in sales margins); - inflationary growth in prices and an increase in the volume of non-regulated services compared to the previous year, as well as one-time factors: an increase in the volume of measures aimed at reducing the level of electricity losses in grids (the costs are offset by a reduction in the cost of compensating for electricity losses), a change in provisions due to disagreements with sales organizations. <p>An additional factor that influenced the growth of operating expenses was an increase in the cost of employee benefits, due to the indexation of wages and payment for overtime work in the elimination of power outages caused by adverse natural phenomena.</p> <p>Earnings before Interest, Taxation, Depreciation & Amortization (EBITDA) following the results of 6 months of 2023 amounted to RUB 16.1 bln, which is 15.8 % higher than the same indicator last year. EBITDA margin following the results of 6 months of 2023 amounted to 25.6 %. The main driver of the EBITDA growth is the increase in income from the provision of electricity transmission services.</p> <p>The financial condition of the Group of Companies following the results of 6 months of 2023 is characterized as stable.</p>
