## COMPANY NEWS

### Power engineers of Rosseti Centre inspect power equipment before the upcoming winter

Winter is coming - the time for additional loads on power equipment. The branch of Rosseti Centre, PJSC - Kostromaenergo conducts an inspection of electric grids and electricity meters to minimize the risk of fires and interruption of power supply to residents. Crews of the electricity metering service of the branch in corporate uniform go around houses of residents of the private sector to determine the technical condition of the electric meter and understand the possibility of its further operation or replacement with a new one.

### Udmurtenergo's specialists work to identify fraudulent websites

Employees of the branch of Rosseti Centre and Volga region, PJSC - Udmurtenergo continue working to counter the theft of electricity. An important role in this area of activity is played by the timely detection of websites that advertise illegal ways of interfering with the operation of metering devices. To prevent the dissemination of information about the methods of illegal consumption of electricity, Udmurtenergo's employees conduct regular monitoring of the Internet network.
