Russian business agreed to create the National ESG Alliance

Russian business has agreed to create the National ESG Alliance, the initial founders include 28 companies, Sberbank CEO German Gref said on 1 December following a meeting dedicated to the creation of the organization. In September Gref proposed to create an ESG business alliance in Russia. According to him, this kind of association is necessary to interact with the government of the country and at the international level, to discuss further prospects and plans, including in the energy strategy.
