Russia to strengthen the protection of energy facilities from drone attacks

The authorities intend to strengthen the protection of energy facilities from drones. The government instructed the Ministry of Energy to work out the issue of limiting flights of unmanned aerial vehicles over the most significant fuel and energy facilities by 1 November. This is stated in a letter dated 14 October, which the Secretary of State - Deputy Head of the Department Anastasia Bondarenko sent to energy companies, it is at the disposal of Izvestia.
