### Zavalny: seasonal coefficients will be applied to differential tariffs for houses with electric heating

The RF Government Resolution on the introduction of seasonal coefficients to the ranges of differentiated tariffs for electricity for the population is under consideration by Prime Minister Mikhail Mishustin and will be adopted soon. This was reported by Pavel Zavalny, Deputy Chairman of the State Duma Energy Committee.

Thanks to the expansion of the increasing coefficient, electricity tariffs will be revised up to and including 1 March 2025, and authorities will recalculate the cost of electricity for the first month of the current year.
