

## ELECTRIC POWER INDUSTRY NEWS

### The State Duma recommended the government to speed up the preparation of the Federal Law on the national electricity certification system

The State Duma recommended the Russian government to expedite the submission to the parliament of a draft federal law providing for the creation of a national system for certification of the origin of electricity. This is stated in the resolution of the State Duma, adopted at the end of the government hour with the participation of Deputy Prime Minister of the Russian Federation Alexander Novak.

### Kaluga power engineers completed work on the reconstruction of the network in the village of Orekhovo of the Zhukovsky district

In the village of Orekhovo in the rural settlement of Korsakovo, power engineers carried out work on the construction of a 10 kV cable line section with a length of 500 metres, as well as the installation of a 400 kVA transformer substation. In addition, the specialists of the energy company completed the construction of an overhead line with a voltage class of 0.4 kV and a length of 150 metres. After completion of the work, some consumers began to receive electricity from the new transformer substation.
