The 17th season of Rosseti Group's student crews has kicked off

The 17th work season of Rosseti Group's student crews was officially opened at the National Research University MPEI in Moscow. More than 300 people participated in the ceremony, including students who will be working at Moscow's energy grid facilities this summer. According to Daria Borisova, Director of Human Resources and Organizational Development at PJSC Rosseti, 158 student crews have been formed across the country.

Smolenskenergo's power engineers are eliminating localized power outages after severe weather

Smolenskenergo's specialists are quickly restoring power to a small number of consumers in the region, which was interrupted due to adverse weather conditions: thunderstorms, hail and gusty winds up to 18 m/s. The power engineers are focusing on eliminating outages in the Velizhsky, Dukhovshchinsky, Demidovsky and Smolensky districts.

Students of Vyatka State University learn about Kirovenergo's operations

Students from the Electrical Engineering Department of Vyatka State University visited facilities of the branch of Rosseti Centre and Volga region - Kirovenergo. Second-year students visited the branch's Grid Control Centre, while first-year students learned about the operation of a modern, high-tech substation. The future power engineers learned about the industry's technological capabilities, in-demand specialists, and career advancement opportunities within the energy company.
