The Accounts Chamber: the Ministry of Energy exceeded the revenue plan in 2024

The Accounts Chamber checked how the Russian Ministry of Energy executed its budget in 2024. It turned out that the department exceeded its revenue plan last year. This was reported in a press release from the state audit body. In particular, the audit showed that the ministry exceeded its revenue plan in 2024. Thus, the budget received RUB 121.5 billion (or 110.7% of the forecast). At the same time, the bulk of the revenue came from the implementation of production sharing agreements - 94% of the total amount.

Power engineers urge to remind children about electrical safety rules

School holidays are in full swing, which means that issues of children's electrical safety are especially relevant. The risks of electrical injuries can only be prevented by combining the efforts of power engineers, teachers and parents. Smolenskenergo draws the attention of parents and teachers to the importance of children observing the rules of conduct near power facilities and when using electrical appliances.
