Specialists from the branch of Rosseti Centre - Tverenergo are preparing for spring flooding after a snowy winter

The branch of Rosseti Centre - Tverenergo is implementing a series of technical and organizational measures aimed at ensuring the stable operation of the region's power grids during the spring flood. To coordinate flood response efforts, Tverenergo has created a special commission to inspect power facilities located in meltwater drainage zones.

Ivanovo power engineers are stepping up efforts to combat unauthorized installation of providers' equipment on power lines

Specialists from the branch of Rosseti Centre and Volga region - Ivenergo continue their systematic efforts to identify instances of unauthorized installation of fiber-optic communication lines (FOCL) on power line poles. In the first two months of 2026 alone, the power engineers discovered illegal installations on more than 700 power line poles across the region.
