Power engineers of Belgorodenergo and Orelenergo provided electricity to new fruit storage facilities

Belgorod power engineers connected a fruit storage facility in the Ivnyansky district to the grid. The specialists laid more than 7 kilometres of overhead and cable power lines, installed a package transformer substation, reconstructed the equipment of the main power centre, and also mounted a recloser and two disconnectors that ensured automatic isolation of the faulty section of the grid. Orel power engineers increased the capacity of the agricultural enterprise "Sosnovka" in the Livensky district to 350 kW. The additional capacity was required to launch a new apple storage facility, which will receive its first harvest next year.
