

ELECTRIC POWER INDUSTRY NEWS

The Board of Directors of PJSC Rosseti approved the regulation on the unified technical policy

The Board of Directors of Rosseti approved the regulation on the unified technical policy in a new edition, which is fully consistent with the energy strategy of Russia for the period up to 2035, the company's press service reported.

The updated version of the document includes provisions related to updating the needs of the Russian electric grid complex, as well as those based on the experience of designing, constructing and operating electric grid facilities.

COMPANY NEWS

Over 5 years the number of implemented rationalization proposals in Rosseti Centre increased 10 times

The company creates conditions for proactive employees for technical creativity and optimization of production processes. Over the past 5 years, the number of implemented rationalization proposals in Rosseti Centre has increased 10 times. In 2024, this figure exceeded 50 solutions.

Now the process of reviewing and implementing ideas is maximally accelerated: from the concept to the start of operation, no more than 90 days pass. The authors of the projects receive monetary rewards and honorary certificates, and the results are used in everyday activities.
