

ELECTRIC POWER INDUSTRY NEWS

166 specialists of the Rosseti Group took part in the All-Russian Occupational Safety Week

General Director of the Technical Supervision Centre of the Rosseti Group Andrey Koltsov spoke at the All-Russian Occupational Safety Week-2024 session dedicated to advanced practices for improving safety in the electric power industry. A corporate meeting on accident prevention was held on the sidelines of the forum. Participants emphasized the need to develop their own standards for the use of personal protective equipment and update other regulatory documents.

COMPANY NEWS

Rosseti Centre's employees continue to provide assistance and support to residents of border areas

Tulenergo's power engineers raised almost 2 million rubles as part of a voluntary campaign, which was joined by more than 900 people. The money will be used to support civilians and restore the residential infrastructure of the affected areas of the Belgorod and Kursk regions. Rosseti Centre's employees also continue to collect humanitarian aid for those who had to leave their homes due to attacks by the Armed Forces of Ukraine.

Tulenergo reminds about electrical safety rules near a broken wire

The branch of Rosseti Centre and Volga region - Tulenergo reminds about the mortal danger of approaching a broken wire of a power transmission line. Electric current has no visible signs of danger, it acts suddenly and instantly with a radius of the affected area of up to 8 metres. Therefore, any broken wire must be considered to be under voltage.
