

ELECTRIC POWER INDUSTRY NEWS

By summer the Ministry of Energy to approve reliability indicators for TGOs using the analog comparison method and update them at least once every 3 years

The Government of the Russian Federation has instructed the Ministry of Energy of Russia to approve, within 3 months, the basic values of reliability indicators, the values of the coefficients of permissible deviations of actual values of reliability indicators from the planned ones and the maximum changes of improving the planned reliability indicators for groups of territorial grid organizations (TGOs) that have comparable economic and technical characteristics and (or) operating conditions, using the analog comparison method.

Igor Artamonov and Boris Ebzeev discussed the development of the region's electric grid complex

A working meeting was held in Moscow between Governor of the Lipetsk Region Igor Artamonov and General Director of Rosseti Centre, PJSC - managing organization of Rosseti Centre and Volga region, PJSC Boris Ebzeev. The issues of the Lipetskenergo branch going through the autumn-winter period, consolidation of the region's power grid assets and modernization of outdoor lighting systems were discussed. The participants noted the importance of working together to ensure reliable power supply and develop the region's infrastructure.

Rosseti Centre, PJSC and Rosseti Centre and Volga region, PJSC electrified medical facilities

As part of the national project "Healthcare", specialists from #Ivenergo connected two clinics under construction in the regional centre to the grid: on Aprelskaya Street and on 70th Anniversary of Victory Avenue. To provide 150 kW of power to each medical institution, the power engineers reconstructed two package transformer substations, and also laid more than 1.5 km of 0.4 kV power transmission lines, including using the trenchless drilling method.
