SO: "The volume of energy demand management increased by 33-40% following the results of the second selection"

"System Operator" summed up the results of the second selection of energy consumption management services for the fourth quarter of 2024 within the framework of the target model. Compared to the first selection, which was held for the third quarter, the selected volume of services increased by 33-40%. Among the participants in the selection were structures of such large energy companies as En+ Group, SGK, Forward Energo, and Rusenergosbyt.

For the 1,000th anniversary of Suzdal, Vladimirenergo's power engineers upgraded the power grids on the way to the ancient city

The branch's employees carried out large-scale modernization of the power grids on a section of the federal highway R-132 "Golden Ring" between Vladimir and Suzdal, the Telegram channel InformationBureau reports. The reconstruction of the power facilities became part of the overhaul of the road section.
