Rosseti extended its additional share issue to receive regional assets from the state

The Board of Directors of PJSC Rosseti decided to extend the period for the additional issue of shares registered in 2023 for the acquisition of a number of regional assets, the company reported. As follows from the message, the placement period has been increased from one year to two years. Thus, instead of completing the issue in 2024, one can talk about 2025.

Rosseti also reported the suspension of placement due to these changes. As the company told Interfax, "according to the law, in order to extend the period of the additional issue, a technical suspension of the additional issue is being carried out and the relevant documents are being submitted to the Central Bank of the Russian Federation to extend it for another year." "The composition and volume of the property being placed is not affected in any way," Rosseti emphasized.

Kurskenergo's specialists are eliminating the consequences of bad weather

A thunderstorm front with squally gusts of wind, which passed through the territory of the Kursk region, provoked local power supply disruptions for a small part of the region's consumers. Specialists from the branch of Rosseti Centre, PJSC - Kurskenergo immediately began eliminating technological violations at power facilities. This was reported by the Informationbureau telegram channel.
