Damage of RUB 15.5 million was caused to the branch of Rosseti Centre and Volga region, PJSC — Kalugaenergo

According to the investigation, in the period from 2021 to 2022, the founder, director, chief power engineer and foreman of two commercial organizations made changes to the design of electricity meters at 5 outdoor transformer substations located on Boldina Street in Kaluga. Inaccurate information in primary documents for payment for electricity made it possible to understate the volume of electricity actually consumed.
